"Visio Divina with Mary"

Praying through art is a multi-sensory way to connect with the Divine. Visio Divina is one form of prayer using images – works of art, stained glass windows, icons, and even images in nature. Used throughout the centuries and translated as “divine seeing,” Visio is related to Lectio Divina (divine reading), but instead of Scripture, Visio uses visual elements to help set our mind on prayer and open our hearts to the Divine’s voice.

Melanie Reed will lead us through 3 online sessions of Visio with images of Mary, mother of Jesus. This will be a lovely way to immerse ourselves in the mystery of God’s presence and into the holy seasons of Advent and Christmas.
